happening

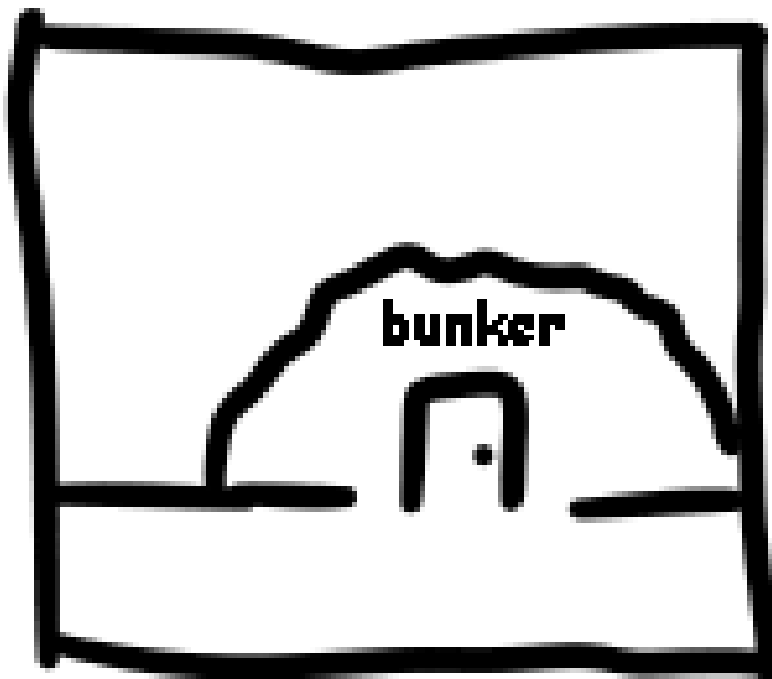

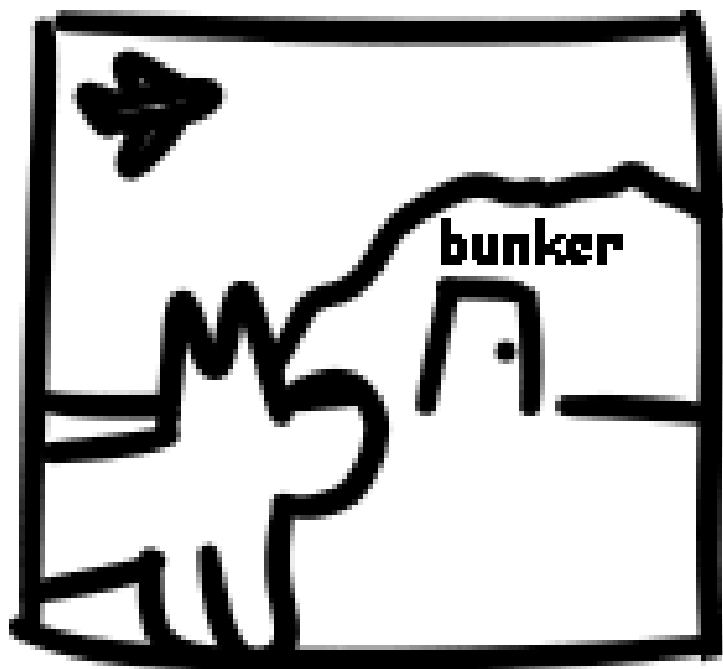

and its coming to
a town near you

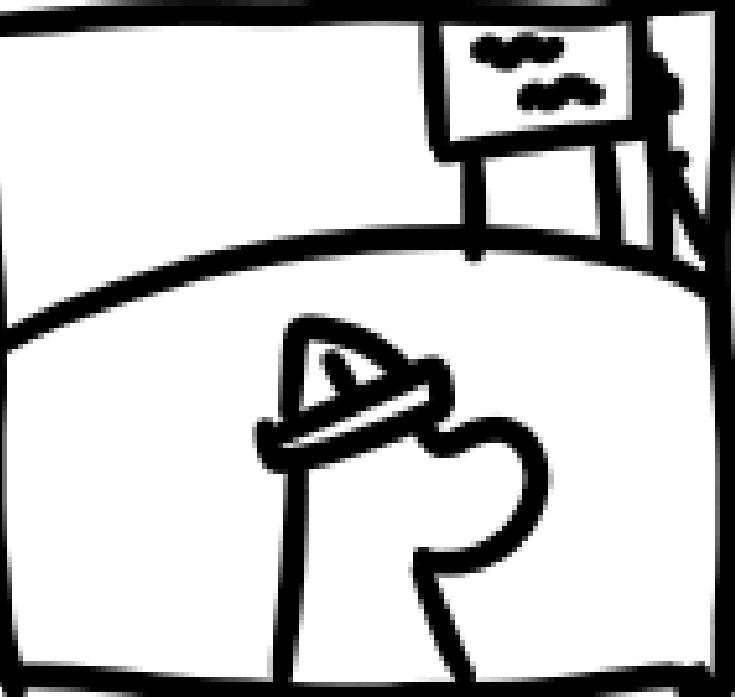

all citizens go to
your local bunkers

the campsite

so how's life

don't talk much, huh?

I'ma call you
'the mute' then

at least you
can hear me

you're right
let's sleep

bang

!!

**what are you
two doing?**

dead faces

uhhhh

**looking for survivors
in bunkers?...**

**thats great, but the
nearest bunker is
that way**

**thanks sir,
we must of
got lost then...**

the boxfort village

**materials, paper
and glue...**

**a town built from
old bunkers huh?**

welcome

**so are y'all from
the bunkers?**

**no one survived those
bunkers...**

**except for
'them'**

who are 'them'?

hush

the shopkeeper
will explain.
Follow me

... the papercuts didn't
kill those foxes you see

'them' are the witnesses
to what really killed them

and no one knows
who 'them' are...

...it's truly the
mystery of the wastes

why do you
ask anyways?

I'm from a bunker and
wanted to know if anyone
could survive a papercut

you're one of 'them'?
do tell

no, I didn't hear or see
anything in the collapse

well then, maybe you
can find 'them'

yes, and finally solve the
wasteland's mystery

shop

I don't know
where to find
'them'

but your a survivor too
so maybe they
will find you

thanks, but how do you
know about 'them'?

I heard it in a town
north of here...
